

SCANNER

Com Video

Features:

- Handle loads up to 7Kg
- Drive motors provide operational stability with minimum coast with instant start-stop characteristics.
- Slow speed, high-torque motors stand in a low noise level.
- Pan rotation is controlled by a permanent stop for nearly 355 degree rotation.

CV-125S INDOOR SCANNER

Angular Travel	Pan: 355° Max.
Tilt Angle	±90° Manual Adjust
Speed	Approx. 6°/Second
Limited Switch	External Adjustment for Rotation Angle
Maximum Load	7Kg
Power Source	AC 24V/117V/220V/240V(OPTION) 50Hz/60Hz
Operation Temperature	- 5°C ~ +60°C
Construction	Aluminum and Plastic; Off-White Textured
Round Base Size	118(φ)mm
Dimensions	110(φ)mm
Weight	0.9Kg

Features:

- Auto control / Manual adjustment for desired direction:
Pan(left, right) is available
- Special screw terminal-detachable connector easy for
installation

CV-126 SCANNER CONTROL

Pan Control	Paddle Switch LEFT/RIGHT
Power Control	Slide Switch MAN/OFF/AUTO
Input Voltage	AC 24V/117V/220V/230V/240V
Output Voltage to Scanner	AC 24V/117V/220V/230V/240V
Operation Temperature	- 5°C ~ +60°C
Connector	Screw Terminal-Detachable
Construction	Steel, Off-White Textured
Dimensions	212mm(D)×218mm(W)×45mm(H)
Weight	1.1Kg
